

Radio Popolare hopes that the competent authorities will ensure the survival of Radio Student, with whom we have been partners in many projects financed by the European Commission. Over the years of working together, we have verified the professionalism of the people who work there and we have appreciated the open and sincerely democratic approach with which the social, environmental and cultural issues that are also part of our editorial policy have been addressed and reported. We believe that Radio Student is an important and indispensable voice in the Slovene media landscape.
